"Just as the sky is vast and boundless, so too are the insights hidden within our flight data, waiting to be discovered and explored."

EXECUTIVE SUMMARY

- Introduction
- Methodology
- Results
- Visualization – Charts
- Conclusion

INTRODUCTION

Today's dynamic world of air travel, understanding flight data is crucial for optimizing journeys and enhancing passenger experiences. Our analysis delves into a comprehensive dataset encompassing airlines, flight identifiers, source and destination cities, departure and arrival times, and various other essential metrics. By examining flight duration, stopovers, class of service, remaining days to departure, and pricing details, we aim to uncover patterns and insights that can streamline travel planning and inform strategic decisions. This exploration not only reveals operational efficiencies but also enhances the overall passenger experience through data-driven insights. Join us as we navigate through this intricate tapestry of flight information.

Data Analysis and Plotting

Conclusion

- Vistara Flights are more in number than other Flights.
- Availability of Flights of Delhi and Mumbai are more in number.

```
[64]: dataCopy.head(10)
```

```
[64]:
```

	airline	flight	source_city	departure_time	stops	arrival_time	destination_city	class	duration	days_left	price

1	SpiceJet	SG-8157	Delhi	Early_Morning	zero	Morning	Mumbai	Economy	2.33	1	5953
2	AirAsia	I5-764	Delhi	Early_Morning	zero	Early_Morning	Mumbai	Economy	2.17	1	5956
3	Vistara	UK-995	Delhi	Morning	zero	Afternoon	Mumbai	Economy	2.25	1	5955
4	Vistara	UK-963	Delhi	Morning	zero	Morning	Mumbai	Economy	2.33	1	5955
5	Vistara	UK-945	Delhi	Morning	zero	Afternoon	Mumbai	Economy	2.33	1	5955

Data Analysis and Plotting

Conclusion

- People prefer to take Morning Flight from there respective Source_City.

Data Analysis and Plotting

Conclusion

- Passengers prefer to choose Business Class exclusively from Air India and Vistara.
- Among these, Vistara is the most preferred airline for Business Class
- Similarly, Vistara also holds the highest preference for Economy Class among travelers.

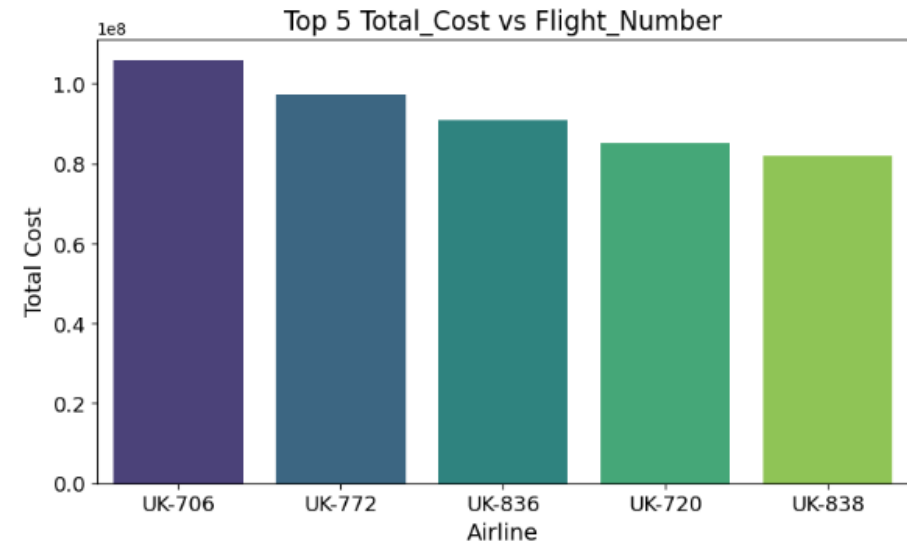

```
[242]: dataCopy.head(10)
```

```
[242]:
```

	airline	flight	source_city	departure_time	stops	arrival_time	destination_city	class	duration	days_left	price
0	SpiceJet	SG-8709	Delhi	Evening	zero	Night	Mumbai	Economy	2.17	1	5953.0
1	SpiceJet	SG-8157	Delhi	Early_Morning	zero	Morning	Mumbai	Economy	2.33	1	5953.0
2	AirAsia	I5-764	Delhi	Early_Morning	zero	Early_Morning	Mumbai	Economy	2.17	1	5956.0
3	Vistara	UK-995	Delhi	Morning	zero	Afternoon	Mumbai	Economy	2.25	1	5955.0
4	Vistara	UK-963	Delhi	Morning	zero	Morning	Mumbai	Economy	2.33	1	5955.0

Data Analysis and Plotting

Conclusion

- The airline UK-706 operates a greater number of flights.
- UK-822 has a higher number of flights compared to UK-838, yet UK-838 generates more revenue than UK-822.
- UK-706 and UK-772 exhibit a dramatic variation in the number of flights. However, the total cost remains relatively stable between the two.

```
[177]: dataCopy.size
```

```
[177]: 3313266
```

Data Analysis and Plotting

Conclusion

- The most frequent source city is Delhi.
- The most common destination city is Mumbai.

```
[312]: dataCopy.head(10)
```

```
[312]:
```

	airline	flight	source_city	departure_time	stops	arrival_time	destination_city	class	duration	days_left	price
0	SpiceJet	SG-8709	Delhi	Evening	zero	Night	Mumbai	Economy	2.17	1	5953.0
1	SpiceJet	SG-8157	Delhi	Early_Morning	zero	Morning	Mumbai	Economy	2.33	1	5953.0
2	AirAsia	I5-764	Delhi	Early_Morning	zero	Early_Morning	Mumbai	Economy	2.17	1	5956.0

Data Analysis and Plotting

Conclusion

- For Bangalore, the fastest flight is offered by SpiceJet.
- For Chennai, Vistara provides the fastest flight.
- For Delhi, AirAsia has the quickest flight.
- For Hyderabad, Air India offers the fastest flight.
- For Kolkata, the fastest flights are available with AirAsia, Air India, and Vistara.
- For Mumbai, AirAsia provides the fastest flight.

```
[340]: dataCopy.head(10)
```

```
[340]:
```

	airline	flight	source_city	departure_time	stops	arrival_time	destination_city	class	duration	days_left	price
0	SpiceJet	SG-8709	Delhi	Evening	zero	Night	Mumbai	Economy	2.17	1	5953.0
1	SpiceJet	SG-8157	Delhi	Early Morning	zero	Morning	Mumbai	Economy	2.33	1	5053.0

Data Analysis and Plotting

```
original_palette = sns.color_palette('Blues')  
# Reverse the palette  
reversed_palette = original_palette[::-1]  
sns.barplot(x = "airline", y = "Total_stops", data = stops, ax = axis,  
            palette = reversed_palette)  
axis.set_xlabel('Airline', fontsize=14)  
axis.set_ylabel('Total_stops', fontsize=14)  
axis.tick_params(axis='both', labelsize=13)  
axis.set_title('Mean Stops of Airlines', fontsize = 16)  
plt.show()
```

Conclusion

- AirAsia has more stops per flight compared to the other airlines.

Vistara emerges as the **predominant airline**, with a **higher frequency of flights** and a significant **preference** for both **Business and Economy classes**. Flights from **Delhi and Mumbai** are the most **abundant**, with **morning departures** being favored. Among specific flights, **UK-706** stands out for its **volume**, while **UK-838**, despite **fewer flights** compared to **UK-822**, generates **greater revenue**. The total **cost** remains consistent **between UK-706 and UK-772**, despite **notable differences** in **flight numbers**. **Delhi and Mumbai** dominate as the **leading source and destination** cities. For the **fastest flights**, **SpiceJet** excels in **Bangalore**, **Vistara** in **Chennai**, **AirAsia** in **Mumbai**, and **Air India** in **Hyderabad**. **AirAsia**, however, **tends** to have **more stops per flight**.

THANK
YOU
